

FOR IMMEDIATE RELEASE

**AF Zoom-Nikkor 18-35mm f/3.5-4.5D IF-ED—
ultra-wideangle zoom lens for any type of photography**

Nikon Corporation is pleased to announce the introduction of its latest high-quality lens—the **AF Zoom-Nikkor 18-35mm f/3.5-4.5D IF-ED**.

An ultra-wideangle zoom lens, the AF Zoom-Nikkor 18-35mm f/3.5-4.5D IF-ED offers high-performance features in a compact body. In addition, it boasts the shortest closest-focusing distance in its class—0.33m throughout the entire zoom range. It is ideal for photojournalism and other general photographic needs.

This new lens also features ED (Extra-low Dispersion) glass and aspherical lens elements in a new optical design for superior optical performance.

The AF Zoom-Nikkor 18-35mm f/3.5-4.5D IF-ED is a significant addition to the AF Nikkor lens lineup, offering photographers enhanced shooting flexibility for a wide range of applications.

**AF Zoom-Nikkor 18-35mm f/3.5-4.5D IF-ED
Major Features**

- Compact and lightweight
- Aspherical lens element minimises distortion especially at the periphery area for superior optical performance
- ED (Extra-low Dispersion) glass element minimises chromatic aberration, provides higher resolution and superior contrast
- High-performance Nikon Super Integrated Coating offers superior colour reproduction while minimising ghost and flare
- Rounded diaphragm opening (7 blades) makes out-of-focus elements appear more natural
- 0.33m closest focusing distance throughout full zoom range
- IF (Internal Focusing) permits fast AF operation and closer focusing distance
- Filter attachment does not rotate during focusing and zooming
- Dedicated lens hood effectively minimises stray light
- Protective lens cover
